Eunice Bukola Ogunshola

Quality Assurance Engineer

euniceogunshola@gmail.com | Github | LinkedIn

SUMMARY

Formerly a Mobile App Developer, now a detail-oriented Quality Assurance Engineer with experience in automation and manual testing for web and mobile applications. Decently proficient in Cypress, Appium for automation, GitHub Actions for CI/CD, as well as Postman and JMeter for API and performance testing. I'm passionate about ensuring software reliability and quality, enhancing user experience, and collaborating with cross-functional teams to deliver high-quality products.

SKILLS & TECHNOLOGIES

Appium | Cypress | Git/Github | Web application testing | JMeter | GitHub Actions | Playwright | Postman | Jira | Dart/Flutter | Excel | Test Rail | Automated testing | Chromatic | Javascript | Mobile app testing | GitHub issues | Manual testing | Regression testing | Integration testing | Sanity testing | Exploratory testing | Jenkins
